January 4 Town Hall on Taskforce on Federal Consumer Financial Law Report

Invitation Letter

Dear Colleague:

In January 2020, Director Kraninger announced the appointment of five members to serve on the Consumer Financial Protection Bureau's (Bureau) Taskforce on Federal Consumer Financial Law (Taskforce). The Taskforce was charged with examining ways to harmonize and modernize federal consumer financial laws and completing a report with its recommendations. One year later, the Taskforce has completed its report, submitted it to Director Kraninger and will release it publicly on Tuesday, January 5 at 1:00 p.m. Eastern.

The Taskforce will be hosting an hour-long town hall with our Federal partners who helped inform the report. The purpose of the meeting is to share notable insights from the report in advance of its public release.

As a reminder, no organization or individuals is cited in the Taskforce Report. Please also note that this town hall is closed press, off the record, not for attribution in social media, and open to invitees only. Please do not forward this invitation outside of your organization.
