Gandhāran Buddhist Texts, Volume 7

Gandhāran Buddhist Texts

Editor-in-chief: Richard Salomon
Co-editors: Stefan Baums and Ingo Strauch

The present volume is the seventh in the Gandhāran Buddhist Texts series. This series presents text editions and studies of early Buddhist birch-bark scrolls in the Gāndhārī language, dating from about the first century BCE to the third century CE. These manuscripts, discovered in the ancient region of Gandhāra (modern Pakistan and Afghanistan), provide unprecedented insight into the early history of Buddhism as it was transmitted from India to Central Asia and China on its way to becoming a world religion. At the same time, as the earliest preserved manuscripts from South Asia, they are invaluable primary sources for the linguistic and literary history of the region.
