Summary of Procedures and Findings

1. Preliminary Procedures

- a) Contractor will obtain a copy of the candidate's campaign finance report for the reporting period.

Finding

We obtained the Campaign finance reports from the Arizona Secretary of State's Website for the reporting period between the 2022 Quarter 1 report, starting January 1, 2022, through the 2022 Pre-Primary Election report, which ended July 16, 2022. As of the date of this report, the Candidate had not filed the 2022 Post-Primary Election (Q3) report (which was due October 15, 2022), which encompassed the period from July 17, 2022, through September 30, 2022. As a result, we tested transactions from January 1, 2022, through July 16, 2022 (the modified reporting period), when possible. We were unable to test any transactions between July 17, 2022, and September 30, 2022.

- b). Perform a desk review of the disbursements reported in the candidate's campaign finance report to identify any unusual items requiring follow-up during fieldwork.

Finding

We noted no unusual disbursements during our review.

- d). Contact the candidate or the campaign treasurer, as appropriate, to schedule a date to perform fieldwork. Discuss the nature of the documentation, which will be needed to perform the engagement and ascertain the location of the necessary documentation.

Finding

We contacted the Candidate to discuss the agreed-upon procedures, the timing of our procedures, and the documentation needed.

2. Fieldwork Procedures

- a) Contractor will contact the candidate to request the records for an agreed-upon procedures attest engagement. Candidates receiving audits after the Primary Election shall provide records from the election cycle through the 3rd Quarter Report. Candidates receiving audits after the General Election shall provide records from the election cycle through the 4th Quarter Report.

Finding

Commission staff sent an initial notice to the Candidate and informed the Candidate that we would be contacting them. We then communicated to the Candidate in a written request, the purpose of the request, agreed-upon procedures to be performed, documentation needed, and potential future requirements of the Candidate.

- b) The contractor shall contact the candidate and/or his or her representative(s) to discuss the purpose of the engagement, the general procedures to be performed and potential future requirements of the candidate, such as possible repayments to the Fund.

Finding

See comment in a) above.

- c) The Contractor shall contact or conduct an interview with the candidate and/or his or her representative(s) to discuss the bookkeeping policies and procedures utilized by the campaign committee.

Finding

The Candidate provided a description of bookkeeping policies and procedures utilized by the Campaign Committee.

- (i) Review the names of the candidate's family members. Family members include parents, grandparents, aunt, uncle, child or sibling of the candidate or the candidate's spouse, including the spouse of any of the listed family members regardless of whether the relation is established by marriage or adoption.

Finding

We obtained and reviewed the names of the Candidate's family members.

- (ii) Review bank statements one month prior to the election date (beginning on the first of the month), the month including the election day, and one month after the election day (ending on the last of the month) in the reporting period and perform the following:
- Select five (5) samples of deposits and withdrawals from the bank statements and determine that the transaction is properly reflected in the candidate's records and campaign finance report.

Finding

We selected five deposits and five withdrawals from the bank statements for the modified reporting period. For five out of five withdrawals and three out of five deposits, we determined that they appeared to be properly recorded in the Candidate's Campaign finance reports. However, for two out of five deposits selected, we did not receive any supporting documentation and were unable to determine if they were properly recorded in the Candidate's Campaign finance reports. The amount of these deposits totaled \$845.26.

- Perform a proof of receipts and disbursements for the reporting period, which is defined as reporting the ending balances of the September 2022 bank statement and the Post-Primary Election (Q3) campaign finance report.

Finding

The Candidate's Post-General Election (Q3) Campaign finance report was not filed as of the date of this report, so we cannot report what the balance is as of September 30, 2022. The Candidate's Campaign bank account statement listed a balance of \$3,710.54 at September 8, 2022.

- d) Using the dates and limits defined in the Arizona Citizens Clean Elections Guide, review the receipts reported in the candidate's campaign finance reports to determine the following:

- (i) The candidate accepted contributions only from individuals.

Finding

The contributions received during the modified reporting period appeared to be only from individuals.

- (ii) None of the contributions received from individuals exceed the early contribution limit.

Finding

Contributions received from individuals during the modified reporting period did not exceed the \$180 early contribution limit.

- (iii) Check compliance with the maximum early contribution limits.

Finding

Early contributions received during the modified reporting period did not exceed the \$4,323 limit for a legislature candidate.

- (iv) Check compliance with the maximum personal contribution limits.

Finding

Personal contributions received during the modified reporting period did not exceed the \$800 limit for a legislature candidate.

- e) For both the primary election and the general election, contractor will judgmentally select a 10% sample size with a minimum of five (5) contributions reported in the candidate's campaign finance report (not including the \$5 qualifying contributions) and agree to supporting documentation, which reflects the name of the contributor (for all contributions) and for individuals who contributed greater than \$100, which reflects the contributor's address, occupation and employer.

Finding

We reviewed the supporting documentation for five early contributions reported in the Candidate's Campaign finance report and determined the name of the contributors for the contributions was included on the support. For individuals who contributed over \$50, we determined that the contributor's address, occupation, and employer were also included on the support.

- (i) For other types of cash receipts reported on the candidate's campaign finance report, review supporting documentation and review for compliance with regulatory rules and laws and agree the receipt to inclusion in the campaign account bank statement.

Finding

No other types of cash receipts were reported in the Candidate's Campaign finance reports during the modified reporting period.

- (ii) For in-kind contributions, review the supporting documentation and determine the methodology utilized to value the contribution and assess the reasonableness.

Finding

No in-kind contributions were reported in the Candidate's Campaign finance reports during the modified reporting period.

- f) For both the primary election and the general election, contractor will judgmentally select a 10% sample size with a minimum of five (5) of cash expenditures reported in the candidate's campaign finance report and perform the following:

- (i) Review supporting invoice or other documentation and agree amount to the amount reported in the candidate's finance report.

Finding

For five out of five items selected, we were not provided any invoices or other documentation so we could not agree the amounts to the amount reported in the Candidate's finance reports.

- (ii) Determine that the name, address and nature of goods or services provided agree to the information reported in the candidate's campaign finance report.

Finding

For five out of five items selected, we were not provided any invoices or other documentation so we could not agree the names, addresses, or nature of goods or services provided to the information reported in the Candidate's finance reports.

- Agree the amount of the expenditure to the campaign account bank statement.

Finding

We reviewed five expenditures and agreed amounts to the Campaign account bank statements without exception.

- (iii) Determine whether the expenditure was made for a direct campaign purpose. Direct campaign purpose includes, but is not limited to, materials, communications, transportation, supplies and expenses used toward the election of the candidate.

Finding

For five out of five items selected, we were not provided any invoices or other documentation so we could not determine if the expenditures were made for a direct campaign purpose.

- If the expenditure is a joint expenditure made in conjunction with other candidates, determine that the amount paid represents the candidate's proportionate share of the total cost.

Finding

For five out of five items selected, we were not provided any invoices or other documentation so we could not determine if the expenditures were part of a joint expenditure.

- g) Determine whether any petty cash funds have been established and, if so, determine how expenditures from these funds have been reflected in the accounting records. Determine whether aggregate petty cash funds exceed the limit of \$1,580.

Finding

Based on inquiry of the Candidate, the Candidate did not establish a petty cash fund during the modified reporting period.

- (i) If applicable, for both the primary election and the general election, contractor will judgmentally select a 10% sample size with a minimum of five (5) candidate's petty cash fund expenditures and obtain supporting documentation for the expenditure. Determine whether the expenditure was for a direct campaign expense and whether the expenditure was in excess of the \$180 limit on petty cash expenditures.

Finding

Based on inquiry of the Candidate, the Candidate did not establish a petty cash fund during the modified reporting period.

- h) Determine if the candidate/campaign incurred any debt. If so, report all debt.

Finding

The Candidate did not report any debt on the Campaign Finance Reports during the modified reporting period.

- i) Contact the candidate and/or his or her representative(s) to discuss the preliminary engagement findings and recommendations that the Contractor anticipates presenting to the CCEC. During this conference, the Contractor will advise the candidate and/or his or her representative(s) of their right to respond to the preliminary findings and the projected timetable for the issuance of the final issuance of the report.

Finding

We reported our findings to the Candidate and the Candidate did not provide responses to our findings.
